

Sandwich panels for the construction of clean rooms with glued aluminium honeycomb internal infill and aluminium perimeter frame. The use of aluminium honeycomb ensures excellent mechanical resistance combined with a light weight. Can be used for internal partitions and false ceilings.

Certifications

A1

Reaction to fire (materials)
A1 Euroclass in compliance with EN 13501-1

Use and specifications

Laboratories

Reduced weight

Fast assembly

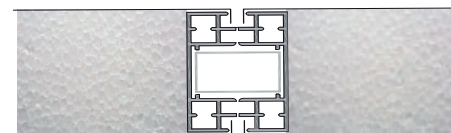

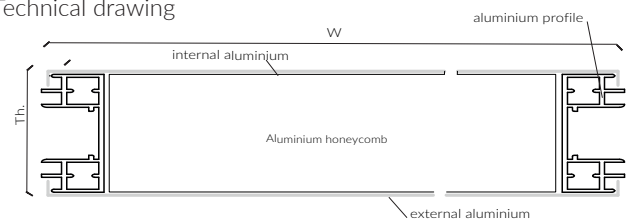

Non-combustible

Upon request, internal fitting for technical equipment

Technical drawing

F/F aluminium

Reference measurements*:

Width.	Length.	Thickness.
1200 mm	max 4000 mm	60 mm

* Size can be customised to prevent cuts and adjustments.
